Amended 30-Day Post General 2012 (Received 4/24/2013)  
Year End Report 2012  
Amended February Monthly 2013 (Received 3/20/13)  
March Monthly 2013  
April Monthly 2013  
Amended May Monthly 2013 (Received 5/24/2013)

Dear Ms. Benitz:

We are in receipt of your letters regarding the aforementioned reports. All of these have been recently amended to correct the detail summary page totals. Additionally, the 2013 reports now reflect the correct H1 schedule and the respective corrected allocation percentage. At this time our committee believes there is no transfer required from our federal to our nonfederal account. We have calculated the allocable expenses with the corrected election cycle percentage and we used the permissible 70-day timeline window as provided and outlined in the federal regulations.

The following paragraphs detail the additional items within the respective letters for additional information requested:

In regard to the Amended 30-day post general report for the questioned item outside the above explanation: Item 1 - this has been amended to reflect the correct categorization and proper schedule for this disbursement. Additionally, the subsequent year end report that was affected by this change has also been amended.

In regard to the Amended February Monthly 2013 report for the questioned item outside the above explanation: Item 1 please be advised that this was a data entry error and once discovered was amended accordingly.

At this time our committee believes to be in compliance.

Sincerely,

Illinois Republican Party
